

LUCEO

Aluminum LED Skirting Board

Luceo aluminum LED skirting board is mostly preferred in exclusive projects through its decorative lighting feature. It can also be used as a guiding light in dark places. In addition to its illumination feature, it also covers the defects in floor and wall joints. It prevents dirt accumulation and harmful organisms to provide hygienic and healthy use for many years. With the hollow area in its design, it collects the telephone, electricity and internet cables to organize your environment. Luceo has a plain and minimal appearance with its slim form. Luceo has matte anodized, bright anodized, satin chemical bright anodized and electrostatic powder painting options. While silver, yellow, inox, bronze and black anodized color coatings are available, it can also be painted to the desired RAL code with electrostatic powder painting.

GUIDING LIGHT SOURCE FOR SECURITY PURPOSES, AS WELL AS TO ENJOY THE TOUCH OF LIGHT IN DESIGN
